RECOGNITION OF ELENI M.  
ROUMEL

**HON. KEVIN BRADY**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Thursday, April 5, 2018*

Mr. BRADY of Texas. Mr. Speaker, today I rise to recognize Eleni Marie Roumel for her dedicated service to the House of Representatives and specifically to the Committee on Ways and Means.

Eleni has been with the House Office of General Counsel since October 2012, during which time she has provided invaluable counsel to House Members, Officers, and staff on a variety of legal issues. She has vigorously defended the institutional prerogatives of the House, and greatly assisted the Committees in fulfilling their important constitutional oversight roles.

Of special importance to the Committee on Ways and Means, our staff came to rely on her expertise and guidance in connection with many of the Committee's investigative and oversight activities, as well as in connection with the Committee's interactions with the Executive Branch. Eleni was a trusted advisor on many aspects of the Affordable Care Act, and worked tirelessly to ensure the Committee's investigative efforts in overseeing the enforcement of the law were successful. Eleni has been instrumental in the Committee's efforts to combat Executive Branch overreach and vindicate the House's Appropriations Clause authority. In addition, Eleni has exemplified the role of counselor to Committee staff as someone who was eminently reliable, knowledgeable, creative, and genuinely a pleasure to work with. She will be greatly missed.

This month, Eleni will continue her distinguished career of public service by commencing her new role as Deputy Counsel to the Vice President of the United States. Eleni served the House with great distinction, and we know she will serve the Vice President with that same level of distinction. On behalf of the many Members of the Committee on Ways and Means, and the Committee staff, who benefitted from her insightful counsel, I say thank you. We extend to her our very best wishes for her continued success.

SPECIAL RECOGNITION OF  
SHANTHI VISWANATHAN

**HON. RAJA KRISHNAMOORTHY**

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

*Thursday, April 5, 2018*

Mr. KRISHNAMOORTHY. Mr. Speaker, like so many Americans, I was deeply moved by the school shooting in Parkland, Florida. The tragic loss of 17 lives to a gunman was another devastating reminder of the danger of too many guns being readily available in our culture.

In the face of the Parkland shooting, I would like to pay special recognition to Mrs. Shanthi Viswanathan, an Algebra teacher at Marjory Stoneman Douglas High School in Parkland, Florida.

Known as "Mrs. V" to her students, Mrs. Viswanathan's quick thinking and firm and resolute actions very likely helped save the lives of her students.

As the Miami Herald reported, Mrs. Viswanathan knew something wasn't right when she heard the second fire alarm of the day sounding shortly before classes were to end on February 14th.

Mrs. Viswanathan immediately put paper over the window so no one could see inside. She then told her students to take cover and get on the floor in the corner of the room.

When the SWAT team came to the outside of Mrs. Viswanathan's classroom and told her to open the door, she opted not to take any chance that it could have been a trick by the gunman.

"Knock it down or open it with a key. I'm not opening the door," Mrs. Viswanathan said.

It was indeed the SWAT team, and they knocked down the door and ushered the students to safety.

When Mrs. Viswanathan knew there was danger, she exemplified the truest form of the Hindu concept of dharma, or duty, in protecting those she was responsible for. These actions were brought to my attention by the Hindu American Foundation which continues to support the victims as part of its broader commitment to Ahimsa, the Hindu concept of nonviolence.

I recently visited Broward County where I had the honor to speak at the Hindu American Foundation's annual gala. The Hindu American Foundation, or HAF, has stood up during the ongoing public debate over guns in our society and has supported legislation to, among other things, repeal the ban on allowing the Centers for Disease Control and Prevention from conducting research into gun violence in

the United States. In taking its policy positions, HAF is guided by both public policy concerns and ethics, along with Hindu scripture.

It is my sincere hope that the days and weeks ahead, Congress shows the same commitment to dealing with gun violence that Mrs. Viswanathan and the Hindu American Foundation already have.
